Designating a Date, Time, and Location
for a Landowners' Meeting and Election
(November 5, 2024 Board Meeting)**

Ms. Burns presented Resolution 2024-06 to the Board. She stated by statute this did not need to be held the first Tuesday of November. After discussion, it was decided to have the North Powerline Road regular meeting and Landowners' meeting on Wednesday November 20, 2024 at 10:00 a.m.

On MOTION by Mr. Heath, seconded by Mr. Chinoy, with all in favor, Resolution 2024-06 Setting the Landowners' Election for November 20, 2024 at 10:00 a.m. at the Current Location, was approved.

Ms. Burns noted they have two seats transitioning to resident control. She explained this is for the third seat that is still handled by the landowner election that they hold there. There is one seat up for election that day, but there are two other seats that must be filled by residents of the District. There are proxies and ballots available for any residents who need them in this agenda and it is also available on the website or by contacting her office.

FIFTH ORDER OF BUSINESS**Consideration of Resolution 2024-07

EIGHTH ORDER OF BUSINESS**Ratification of Variance Agreement for
Installation of Improvements within
District Easement**

**Daniel Arnette joined the meeting at this time.*

**Rennie Heath left the meeting at this time.*

Ms. Burns stated they were contacted by Meritage Homes. They have a portion of lots that backed up to a CDD retaining wall that they were requesting the residents be able to fence. She noted that they got with Ms. Gentry who drafted an agreement prior to any of those lots selling to residents. She explained that they could deal with this issue via a recorded Variance Agreement and that would allow residents to fence up to the retaining wall. She added that they would do so with the understanding that if that retaining wall ever needed any kind of maintenance, they would allow the CDD onto their property in order to do so. She noted that was signed by Meritage and recorded and it goes with the land, so anybody who purchased those lots has the ability to install a fence through that easement area. It only applies to the portion that is referenced in the agreement. It was signed by the Chairman outside of the meeting.

On MOTION by Mr. Chinoy, seconded by Ms. Cassidy, with all in favor, the Variance Agreement for Installation of Improvements within District Easement, was ratified.

B. Engineer

There being no comments, the next item followed.

C. Field Manager's Report

Mr. Tindall presented the field manager's report to the Board which was included in the agenda packet. He noted they have been assimilating Phase 4 as approved. That landscape contract has gone into effect. The landscapers are out there currently sorting out irrigation and making sure everything is cleaned and maintained. They are continuing to monitor all the other phases as normal. The landscaping overall looks good. The new annuals went in at the entrances. The pool area looks fine. The routine reviews found loose coping around the edge of the pool. He noted they had staff go through and pick up the coping and clean it and then re-adhere any that were loose to make sure that they were secure. Beyond that, they had complaints on traffic issues. They are working to create a small obstacle using a standard roadway end sign to block a sidewalk that they were using. They are also going to make some minor adjustments to a parking end cap arrow sign, and they are going to shift it over a little to accommodate some concerns with an intersection. Ms. Burns pointed out that most of the complaints that are coming from their office are as a result of those HOA fines that are being sent in and not part of the CDD parking policy. She made the Board aware that they are getting a decent amount of calls on that issue and they are redirecting them to the HOA as the entity that is enforcing that policy from their covenants and restrictions. She noted as far as the CDD is concerned, they designated parking areas that are available to members of the public on a first come first serve basis.

D. District Manager's Report**i. Approval of Check Register**

Ms. Burns presented the check register to the Board. She offered to answer any Board questions. Hearing no questions, there was a motion of approval.

On MOTION by Mr. Arnette, seconded by Ms. Cassidy, with all in favor, the Check Register, was approved.

ii. Balance Sheet & Income Statement

Ms. Burns presented the financials through the month of March for the Board's review. There was no action necessary from the Board.

iii. Presentation of Number of Registered Voters – 478

Ms. Burns stated the number of registered voters within the District is 478.

iv. Discussion Regarding Meeting Date & Time

Ms. Burns stated when they adopt the meeting schedule, they will present it moving the meeting to November 20, 2024 at 10:00 a.m.

TENTH ORDER OF BUSINESS

Other Business

There being no comments, the next item followed.

ELEVENTH ORDER OF BUSINESS

Supervisors Requests and Audience Comments

Resident Ashley asked what part was being shortened to make the traffic flow a lot easier. Mr. Tindall responded that it was the first intersection coming in off the main road. Ms. Burns responded that instead of removing that parking all together, they are shortening it. They are going to move the sign to make the parking area shorter so there is still a little bit of parking, but it is more centered in the middle of the road. She asked that the residents keep them posted if it doesn't work after they move that sign to shorten the area. Resident Ashley asked if they were able to reiterate to residents from the CDD's side that it is meant for just guest parking. She noted that they were getting a lot of pushbacks from. Ms. Burns responded that as a unit of government, they don't have a lot of enforcement over private lots. She added that they have to allow those to be open to members of the public.

TWELFTH ORDER OF BUSINESS

Adjournment

Ms. Burns asked for a motion to adjourn the meeting.

On MOTION by Ms. Cassidy, seconded by Mr. Arnette, with all in favor, the meeting was adjourned.

**NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF
THE NORTH POWERLINE ROAD COMMUNITY DEVELOPMENT DISTRICT:**

SECTION 1. BENEFIT & ALLOCATION FINDINGS. The provision of the services, facilities, and operations as described in **Exhibit “A”** confers a special and peculiar benefit to the lands within the District, which benefit exceeds or equals the cost of the assessments. The allocation of the assessments to the specially benefitted lands is shown in **Exhibits “A”** and **“B,”** and is hereby found to be fair and reasonable.

SECTION 2. ASSESSMENT IMPOSITION. Pursuant to Chapters 170, 190 and 197, *Florida Statutes*, and using the procedures authorized by Florida law for the levy and collection of special assessments, a special assessment for operation and maintenance is hereby imposed and levied on benefitted lands within the District and in accordance with **Exhibits “A”** and **“B.”** The lien of the special assessments for operations and maintenance imposed and levied by this Resolution shall be effective upon passage of this Resolution.

SECTION 3. COLLECTION AND ENFORCEMENT; PENALTIES; INTEREST.

- A. **Tax Roll Assessments.** The operations and maintenance special assessments and previously levied debt service special assessments imposed on the Tax Roll Property shall be collected at the same time and in the same manner as County taxes in accordance with the Uniform Method, as set forth in **Exhibits “A”** and **“B.”**

In the event that an assessment payment is not made in accordance with the schedule stated above, the whole assessment – including any remaining partial, deferred payments for Fiscal Year 2024/2025, shall immediately become due and payable; shall accrue interest, penalties in the amount of one percent (1%) per month, and all costs of collection and enforcement; and shall either be enforced pursuant to a foreclosure action, or, at the District’s sole discretion, collected pursuant to the Uniform Method on a future tax bill, which amount may include penalties, interest, and costs of collection and enforcement. Any prejudgment interest on delinquent assessments shall accrue at the rate of any bonds secured by the assessments, or at the statutory prejudgment interest rate, as applicable. In the event an assessment subject to direct collection by the District shall be delinquent, the District Manager and District Counsel, without further authorization by the Board, may initiate foreclosure proceedings pursuant to Chapter 170, *Florida Statutes*, or other applicable law to collect and enforce the whole assessment, as set forth herein.

C. **Future Collection Methods.** The decision to collect special assessments by any particular method – e.g., on the tax roll or by direct bill – does not mean that such method will be used to collect special assessments in future years, and the District reserves the right in its sole discretion to select collection methods in any given year, regardless of past practices.

SECTION 4. ASSESSMENT ROLL. The Assessment Roll, attached to this Resolution as **Exhibit “B,”** is hereby certified for collection. That portion of the Assessment Roll which includes the Tax Roll Property is hereby certified to the County Tax Collector and shall be collected by the County Tax Collector in the same manner and time as County taxes. Memorandum

To: Board of Supervisors

From: District Management

Date: August 6, 2024

RE: HB7013 – Special Districts Performance Measures and Standards

To enhance accountability and transparency, new regulations were established for all special districts, by the Florida Legislature, during their 2024 legislative session. Starting on October 1, 2024, or by the end of the first full fiscal year after its creation (whichever comes later), each special district must establish goals and objectives for each program and activity, as well as develop performance measures and standards to assess the achievement of these goals and objectives. Additionally, by December 1 each year (initial report due on December 1, 2025), each special district is required to publish an annual report on its website, detailing the goals and objectives achieved, the performance measures and standards used, and any goals or objectives that were not achieved.

District Management has identified the following key categories to focus on for Fiscal Year 2025 and develop statutorily compliant goals for each:

- Community Communication and Engagement
- Infrastructure and Facilities Maintenance
- Financial Transparency and Accountability

Additionally, special districts must provide an annual reporting form to share with the public that reflects whether the goals & objectives were met for the year. District Management has streamlined these requirements into a single document that meets both the statutory requirements for goal/objective setting and annual reporting.

The proposed goals/objectives and the annual reporting form are attached as exhibit A to this memo. District Management recommends that the Board of Supervisors adopt these goals and objectives to maintain compliance with HB7013 and further enhance their commitment to the accountability and transparency of the District.

Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions.

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated June 24, 2024, on our consideration of the North Powerline Road Community Development District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, rules, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the District's internal control over financial reporting and compliance.

Report on Other Legal and Regulatory Requirements

We have also issued our report dated June 24, 2024 on our consideration of the District's compliance with requirements of Section 218.415, Florida Statutes, as required by Rule 10.556(10) of the Auditor General of the State of Florida. The purpose of that report is to provide an opinion based on our examination conducted in accordance with attestation Standards established by the American Institute of Certified Public Accountants.

MANAGEMENT'S DISCUSSION AND ANALYSIS

September 30, 2023

Our discussion and analysis of North Powerline Road Community Development District, Polk County, Florida ("District") financial performance provides an overview of the District's financial activities for the fiscal year ended September 30, 2023. Please read it in conjunction with the District's Independent Auditor's Report, basic financial statements, accompanying notes and supplementary information to the basic financial statements.

FINANCIAL HIGHLIGHTS

- The liabilities of the District exceeded its assets at the close of the most recent fiscal year resulting in a net position balance of \$6,048,672.
- The change in the District's total net position in comparison with the prior fiscal year was \$440,254, an increase. The key components of the District's net position and change in net position are reflected in the table in the government-wide financial analysis section.
- At September 30, 2023, the District's governmental funds reported combined ending fund balances of \$3,210,012. The general fund balance is unassigned which is available for spending at the District's discretion.

OVERVIEW OF FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as the introduction to the District's financial statements. The District's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all the District's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

NORTH POWERLINE ROAD COMMUNITY DEVELOPMENT DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

September 30, 2023

The government-wide financial statements include all governmental activities that are principally supported by developer contributions. The District does not have any business-type activities. The governmental activities of the District include the general government (management) and maintenance and operations.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The District has one fund category: governmental funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions.

Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balance provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains three individual governmental funds for external reporting. Information is presented in the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, debt service fund and capital projects fund. Both funds are major funds. The District adopts an annual appropriated budget for its general fund. A budgetary comparison schedule has been provided for the general fund to demonstrate compliance with the budget.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

MANAGEMENT'S DISCUSSION AND ANALYSIS

GOVERNMENT WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of an entity's financial position. In the case of the District, assets exceeded liabilities at the close of the most recent fiscal year. A portion of the District's net position reflects its investment in capital assets (e.g. land, land improvements and infrastructure). These assets are used to provide services to residents; consequently, these assets are not available for future spending. The balance of unrestricted net position may be used to meet the District's obligations.

Key components of net position were as follows:

Statement of Net Position

	2023	2022
Current assets	\$ 3,641,759	\$ 7,388,681
Capital assets	24,857,863	23,914,744
Total assets	28,499,622	31,303,425
Current liabilities	1,246,765	2,522,821

Unrestricted	312,605	203,895
Total net position	\$ 6,048,672	\$ 5,608,418

The District's net position increased during the most recent fiscal year. The majority of the change represents the degree to which program revenues exceeded the ongoing cost of operations.

Key elements of the District's change in net position are reflected in the following table:

Change in Net Position

	2023	2022
Program revenues	\$ 9,338,594	\$ 4,502,868

NORTH POWERLINE ROAD COMMUNITY DEVELOPMENT DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

September 30, 2023

As noted above and in the statement of activities, the cost of all governmental activities during the fiscal year ended September 30, 2023 was \$9,007,591, which primarily consisted of conveyance of infrastructure, interest on long-term debt and costs associated with general expenditures and constructing and maintaining certain capital improvements of the District. The costs of the District's activities were funded by developer contributions and special assessments.

GENERAL BUDGETING HIGHLIGHTS

An operating budget was adopted and maintained by the governing board for the District pursuant to the requirements of Florida Statutes. The budget is adopted using the same basis of accounting that is used in preparation of the fund financial statements. The legal level of budgetary control, the level at which expenditures may not exceed budget, is in the aggregate. Any budget amendments that increase the aggregate budgeted appropriations must be approved by the Board of Supervisors. Actual general fund expenditures did not exceed appropriations for the fiscal year ended September 30, 2023.

The variance between budgeted and actual general fund revenues is considered significant. The actual general fund expenditures for the current fiscal year were significantly lower than budgeted amounts due primarily to anticipated costs which were not incurred in the current fiscal year.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At September 30, 2023, the District had \$24,857,863 invested in capital assets and construction in process. Construction in process has not completed as of September 30, 2023 and therefore is not depreciated to date. More detailed information about the District's capital assets is presented in the notes of the financial statements.

Capital Debt

At September 30, 2023, the District had \$21,617,770 in notes payable and Bonds outstanding for its governmental activities. More detailed information about the District's capital debt is presented in the accompanying notes to the financial statements.

ECONOMIC FACTORS, NEXT YEAR'S BUDGET AND OTHER INFORMATION

For the fiscal year 2024, the District anticipates that the cost of general operations will remain fairly constant. In connection with the District's future infrastructure maintenance and replacement plan, the District Board has included in the budget, an estimate of those anticipated future costs and has assigned a portion of current available resources for that purpose.

NOTES TO FINANCIAL STATEMENTS

September 30, 2023

NOTE A- NATURE OF ORGANIZATION AND REPORTING ENTITY

North Powerline Road Community Development District ("District") was created on June 5, 2018 by the Board of County Commissioners of Polk County, Florida Ordinance No. 18-036 pursuant to the Uniform Community Development District Act of 1980, otherwise known as Chapter 190, Florida Statutes. The Act provides among other things, the power to manage basic services for community development, power to borrow money and issue bonds, and to levy and assess non-ad valorem assessments for the financing and delivery of capital infrastructure.

The District was established for the purposes of financing and managing the acquisition, construction, maintenance and operation of a portion of the infrastructure necessary for community development within the District.

The District is governed by the Board of Supervisors ("Board"), which is composed of five members. The majority of the Board members are affiliated with the Developer. In 2023, the Supervisors are elected through landowner voting. In 2024, two seats are elected in the general election by qualified electors, and the remaining seats are elected through landowner voting. The Board of Supervisors of the District exercise all powers granted to the District pursuant to Chapter 190, Florida Statutes.

The Board has the responsibility for:

1. Assessing and levying assessments.
2. Approving budgets.
3. Exercising control over facilities and properties.
4. Controlling the use of funds generated by the District.
5. Approving the hiring and firing of key personnel.
6. Financing Improvements.

The financial statements were prepared in accordance with Governmental Accounting Standards Board ("GASB") Statements. Under the provisions of those standards, the financial reporting entity consists of the primary government, organizations for which the District Board of Supervisors is considered to be financially accountable, and other organizations for which the nature and significance of their relationship with the District are such that, if excluded, the financial statements of the District would be considered incomplete or misleading. There are no entities considered to be component units of the District; therefore, the financial statements include only the operations of the District.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Government-Wide and Fund Financial Statements

The basic financial statements include both government-wide and fund financial statements. The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements.

NORTH POWERLINE ROAD COMMUNITY DEVELOPMENT DISTRICT

NOTES TO FINANCIAL STATEMENTS

September 30, 2023

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Government-Wide and Fund Financial Statements (continued)

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment. Operating-type special assessments for maintenance and debt service are treated as charges for services and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Other Items not included among program revenues are reported instead as general revenues.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Assessments are recognized as revenues in the year for which they are levied. Grants and similar items are to be recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the economic financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period.

Expenditures are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

Assessments

Assessments are non-ad valorem assessments on benefitted property within the District. Operating and Maintenance Assessments are based upon adopted budget and levied annually at a public hearing of the District. Debt Service Assessments are levied when Bonds are issued and assessed and collected on an annual basis. The District may collect assessments directly or utilize the uniform method of collection (Chapter 197.3632, Florida Statutes). Direct collected assessments are due as determined by annual assessment resolution adopted by the Board of Supervisors. Assessments collected under the uniform method are mailed by County Tax Collector on November 1 and due on or before March 31 of each year. Property owners may prepay a portion or all of the Debt Service Assessments on their property subject to various provisions in the Bond documents.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Measurement Focus, Basis of Accounting and Financial Statement Presentation (continued)

Assessments (continued)

Assessments and interest associated with the current fiscal period are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. The portion of assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period.

The District reports the following major governmental funds:

General Fund

The general fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first for qualifying expenditures, then unrestricted resources as they are needed.

Debt Service Fund

The debt service fund is used to account for the accumulation of resources for the annual payment of principal and interest of long-term debt.

Capital Projects Fund

The capital projects fund accounts for the financial resources to be used for the acquisition or construction of major infrastructure with the District.

Assets, Liabilities and Net Position or Equity

Restricted Assets

These assets represent cash and investments set aside pursuant to contractual restrictions.

Deposits and Investments

The District's cash and cash equivalents are considered to be cash on hand and demand deposits (interest and non-interest bearing).

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Liabilities and Net Position or Equity (continued)

The District has elected to proceed under the Alternative Investment Guidelines as set forth in Section 218.415 (17) Florida Statutes. The District may invest any surplus public funds in the following:

- a) The Local Government Surplus Trust Funds, or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act;
- b) Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency;
- c) Interest bearing time deposits or savings accounts in qualified public depositories;
- d) Direct obligations of the U.S. Treasury.

Securities listed in paragraph c and d shall be invested to provide sufficient liquidity to pay obligations as they come due. In addition, surplus funds may be deposited into certificates of deposit which are insured.

The District records all interest revenue related to investment activities in the respective funds and reports investments at fair value.

Inventories and Prepaid Items

Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

Capital Assets

Capital assets, which include property, plant and equipment, and infrastructure assets (e.g., roads, sidewalks and similar items) are reported in the government activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Liabilities and Net Position or Equity (continued)

Capital Assets (continued)

Property, plant and equipment of the District are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Equipment	7
Stormwater	30
Roadways	30
Parks and recreation	30
Entry features	30

In the governmental fund financial statements, amounts incurred for the acquisition of capital assets are reported as fund expenditures. Depreciation expense is not reported in the governmental fund financial statements.

Unearned Revenue

Governmental funds report unearned revenue in connection with resources that have been received, but not yet earned.

Long-Term Obligations

In the government-wide financial statements long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts are deferred and amortized over the life of the Bonds. Bonds payable are reported net of applicable premiums or discounts. Bond issuance costs are expensed when incurred.

In the fund financial statements, governmental fund types recognize premiums and discounts, as well as issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Liabilities and Net Position or Equity (continued)

Deferred Outflows/Inflows of Resources

The statement of net position reports, as applicable, a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net position that applies to future reporting period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until that time. For example, the District would record deferred outflows of resources related to debit amounts resulting from current and advance refundings resulting in the defeasance of debt (i.e. when there are differences between the reacquisition price and the net carrying amount of the old debt).

The statement of net position reports, as applicable, a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to future reporting period(s) and so will not be recognized as an inflow of resources (revenue) until that time. For example, when an asset is recorded in the governmental fund financial statements, but the revenue is not available, the District reports a deferred inflow of resources until such times as the revenue becomes available.

Fund Equity/Net Position

In the fund financial statements, governmental funds report non spendable and restricted fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Assignments of fund balance represent tentative management plans that are subject to change.

Committed fund balance - Amounts that can be used only for the specific purposes determined by a formal action (resolution) of the Board of Supervisors. Commitments may be changed or lifted only by the Board of Supervisors taking the same formal action (resolution) that imposed the constraint originally. Resources accumulated pursuant to stabilization arrangements sometimes are reported in this category.

Assigned fund balance - Includes spendable fund balance amounts that are intended to be used for specific purposes that are neither considered restricted nor committed. The Board can assign fund balance as it does when appropriating fund balance to cover differences in estimated revenue and appropriations in the subsequent year's appropriated budget. Assignments are generally temporary and normally the same formal action need not be taken to remove the assignment.

The District first uses committed fund balance, followed by assigned fund balance and then unassigned fund balance when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fund Equity/Net Position (continued)

Net position is the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources. Net position in the government-wide financial statements are categorized as net investment in capital assets, restricted or unrestricted. Net investment in capital assets represents net position related to infrastructure and property, plant and equipment. Restricted net position represents the assets restricted by the District's Bond covenants or other contractual restrictions. Unrestricted net position consists of the net position not meeting the definition of either of the other two components.

Other Disclosures

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE C - BUDGETARY INFORMATION

The District is required to establish a budgetary system and an approved Annual Budget. Annual Budgets are adopted on a basis consistent with generally accepted accounting principles for the general fund. All annual appropriations lapse at fiscal year end.

The District follows these procedures in establishing the budgetary data reflected in the financial statements.

- a) Each year the District Manager submits to the District Board a proposed operating budget for the fiscal year commencing the following October 1.
- b) Public hearings are conducted to obtain public comments.
- c) Prior to October 1, the budget is legally adopted by the District Board.
- d) All budget changes must be approved by the District Board.
- e) The budgets are adopted on a basis consistent with generally accepted accounting principles.
- f) Unused appropriation for annually budgeted funds lapse at the end of the year.

NOTE D – DEPOSITS AND INVESTMENTS

Deposits

The District's cash balances, including certificates of deposit, were entirely covered by federal depository insurance or by a collateral pool pledged to the State Treasurer. Florida Statutes Chapter 280, "Florida Security for Public Deposits Act", requires all qualified depositories to deposit with the Treasurer or another banking institution eligible collateral equal to various percentages of the average daily balance for each month of all public deposits in excess of any applicable deposit insurance held. The percentage of eligible collateral (generally, U.S. Governmental and agency securities, state or local government debt, or corporate bonds) to public deposits is dependent upon the depository's financial history and its compliance with Chapter 280. In the event of a failure of a qualified public depository, the remaining public depositories would be responsible for covering any resulting losses.

Investments

The District's investments were held as follows at September 30, 2023:

<u>Investment</u>	<u>Fair Value</u>	<u>Credit Risk</u>	<u>Maturities</u>
Money Market Mutual Funds - First			Weighted average of the
American Treasury Obligation CL Y	\$ 3,083,562	S&P AAAm	fund portfolio: 15 days
Total Investments	<u>\$ 3,083,562</u>		

Custodial credit risk - For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of the investments or collateral securities that are in the possession of an outside party. The District has no formal policy for custodial risk. The investments listed in the schedule above are not evidenced by securities that exist in physical or book entry form.

Credit risk - For investments, credit risk is generally the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Investment ratings by investment type are included in the preceding summary of investments.

Concentration risk - The District places no limit on the amount the District may invest in any one issuer.

Interest rate risk - The District does not have a formal policy that limits investment maturities as a means of managing exposure to fair value losses arising from increasing interest rates.

Fair Value Measurement – When applicable, the District measures and records its investments using fair value measurement guidelines established in accordance with GASB Statements. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques.

NORTH POWERLINE ROAD COMMUNITY DEVELOPMENT DISTRICT

NOTES TO FINANCIAL STATEMENTS

September 30, 2023

NOTE D – DEPOSITS AND INVESTMENTS (CONTINUED)

Investments (continued)

These guidelines recognize a three-tiered fair value hierarchy, in order of highest priority, as follows:

- Level 1: Investments whose values are based on unadjusted quoted prices for identical investments in active markets that the District has the ability to access;
- Level 2: Investments whose inputs – other than quotes market prices – are observable either directly or indirectly; and,
- Level 3: Investments whose inputs are unobservable.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the entire fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The District has obtained commercial insurance from independent third parties to mitigate the costs of these risks; coverage may not extend to all situations. Settled claims from these risks have not exceeded commercial insurance coverage over the past three years.

NORTH POWERLINE ROAD COMMUNITY DEVELOPMENT DISTRICT
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

The District is required to establish a budgetary system and an approved Annual Budget for the general fund. The District's budgeting process is based on estimates of cash receipts and cash expenditures which are approved by the Board. The budget approximates a basis consistent with accounting principles generally accepted in the United States of America (generally accepted accounting principles).

An operating budget was adopted and maintained by the governing board for the District pursuant to the requirements of Florida Statutes. The budget is adopted using the same basis of accounting that is used in preparation of the fund financial statements. The legal level of budgetary control, the level at which expenditures may not exceed budget, is in the aggregate. Any budget amendments that increase the aggregate budgeted appropriations must be approved by the Board of Supervisors. Actual general fund expenditures did not exceed appropriations for the fiscal year ended September 30, 2023.

The variance between budgeted and actual general fund revenues is considered significant. The actual general fund expenditures for the current fiscal year were lower than budgeted amounts due primarily to anticipated costs which were not incurred in the current fiscal year.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING
STANDARDS*

To the Board of Directors
North Powerline Road Community Development District
Polk County, Florida

We have audited in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of North Powerline Road Community Development District, as of September 30, 2023 and for the year ended September 30, 2023, which collectively comprise the North Powerline Road Community Development District's basic financial statements and have issued our report thereon dated June 24, 2024.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

This report is intended solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

AUDITOR GENERAL OF THE STATE OF FLORIDA

To the Board of Directors
North Powerline Road Community Development District

We have examined the District's compliance with the requirements of Section 218.415, Florida Statutes with regards to the District's investments during the year ended September 30, 2023. Management is responsible for the District's compliance with those requirements. Our responsibility is to express an opinion on the District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. SECTION IX

**CITY OF DAVENPORT, FLORIDA/NORTH POWERLINE ROAD
COMMUNITY DEVELOPMENT DISTRICT
TRAFFIC CONTROL JURISDICTION AGREEMENT**

This Agreement (the "Agreement") is made and entered into by and between the **City of Davenport, Florida**, a municipal corporation created under the laws of the State of Florida (hereafter "CITY"), and **North Powerline Road Community Development District**, an independent special district created by ordinance pursuant to Chapter 190, Florida Statutes (hereafter "DISTRICT").

RECITALS

1. The North Powerline Road Community Development District is a local unit of special-purpose government and an independent special district established pursuant to Chapter 190, Florida Statutes, and by Ordinance No. 18-036 enacted by the COUNTY on June 5, 2018.

2. The DISTRICT owns fee simple title to all the roadways lying within the DISTRICT boundaries (hereafter "District Roads") and the boundaries and location of the DISTRICT is described and illustrated in Exhibit "A" attached to and incorporated in this Agreement.

3. The DISTRICT has requested that the CITY exercise its discretion under Section 316.006, Florida Statutes, and other applicable laws to exercise municipal traffic control jurisdiction over the DISTRICT Roads pursuant to written agreement.

4. The Florida Legislature, by enacting Section 316.006(2)(b), Florida Statutes, has authorized municipalities to exercise jurisdiction over special district roads if a municipality and the party owning such roads and common areas enter into a written agreement providing traffic control jurisdiction to the municipality and the governing body of the municipality approves that agreement.

5. The DISTRICT desires the CITY to enforce the traffic laws of the State of Florida over the DISTRICT Roads.

6. The CITY approves the exercise of municipal traffic control jurisdiction by the City of Davenport Police Department over the DISTRICT Roads.

7. The parties now desire to set forth the terms and conditions of this Agreement and acknowledge and agree that each is bound by such Agreement.

ACCORDINGLY, in consideration of the above stated Recitals, and other good and valuable consideration the receipt and sufficiency of which is hereby acknowledged by the parties, the parties hereto agree as follows:

Section 1. Recitals. The above recitals are true and correct and are incorporated in and form a material part of this Agreement.

Section 2. Authority, Jurisdiction & Access. Pursuant to section 316.006(2)(b), Florida Statutes, and its home rule powers, the CITY agrees to exercise traffic control jurisdiction over the District Roads by providing enforcement of the traffic laws of the state upon the DISTRICT Roads during normal patrol hours (hereafter "Services"). Should the DISTRICT desire the CITY to be situated in its boundaries at times outside normal patrol hours, the DISTRICT understands that a separate contract shall be executed for additional services. The DISTRICT will provide the CITY with access to the DISTRICT Roads so that the CITY may carry out the Services under this Agreement.

Section 3. Term of Agreement. The term of this Agreement shall commence on June 1, 2024, and continue through June 1, 2025, and shall thereafter automatically continue for successive one-year terms unless terminated by either party by provision of ten (10) days written notice to the other party. The provisions of Section 10 herein shall survive the termination of this Agreement as well as any and all subsequent amended agreements entered into by the parties hereto.

Section 4. Signage. Prior to any traffic enforcement action, the DISTRICT, in consultation with the City of Davenport Police Department, shall establish the speed limit for the roads within the DISTRICT boundaries. The DISTRICT shall be responsible for posting the speed limit and erecting other traffic signs along the DISTRICT Roads in compliance with State of Florida Department of Transportation requirements. The maintenance, repair, and posting of all signage within the DISTRICT boundaries shall always be solely and exclusively the responsibility of the DISTRICT. The DISTRICT shall provide the CITY with certification by a licensed engineer that the roadway signage is in accordance with the standards set forth in the *Manual on Uniform Traffic Control Devices* and Chapter 316, Florida Statutes.

Section 5. Authority in Addition to Existing Authority. The CITY's exercise of traffic control jurisdiction pursuant to this Agreement shall be supplemental to the authority presently enjoyed by the CITY over such roads and the DISTRICT, and nothing herein shall be construed to limit or modify such preexisting authority. The CITY agrees to continue to provide such police services as are required by law. This Agreement does not limit the DISTRICT's authority as prescribed by Chapter 190, Florida Statutes, in any manner.

Section 6. Compensation. If the DISTRICT is interested in additional neighborhood patrols or any special details, they shall be responsible for compensating the CITY for these off-duty services pursuant to this Agreement at an hourly rate and in a manner specified in Exhibit "B," which is attached hereto and incorporated herein. The hourly rate shall remain in effect until such time as it is revised in accordance with the CITY or departmental policy or procedure, ordinance or any other applicable statute, law or regulation.

Section 7. City To Retain Revenues. All revenue from the fines, costs and

penalties imposed by the traffic citations issued for violation of traffic laws on the DISTRICT Roads shall be solely retained by the CITY and apportioned in the manner set forth in applicable statutes. All revenue from the fines, costs, and penalties and/or liens, and the liens themselves that may be imposed on property located within the DISTRICT, shall be solely retained/owned by the CITY.

Section 8. Liability Not Increased. Neither the existence of this Agreement nor anything contained herein shall give rise to any greater liability on the part of the CITY than that which the CITY would ordinarily be subjected to when providing police services.

Section 9. Remedies. Although the City of Davenport Police Department will diligently attempt to provide the DISTRICT with the Services specified within this Agreement, the CITY's failure to do so shall not constitute a breach of this Agreement, nor shall any penalty be imposed therefore.

Section 10. Hold Harmless and Indemnification By The DISTRICT. To the fullest extent permitted by law, and only up to, and without waiving, the monetary limitations of liability and sovereign immunity protections set forth in Section 768.28, Florida Statutes, the DISTRICT agrees to hold harmless and shall indemnify the CITY, each of its Commission Members, employees, appointees, officers and agents, both individually and in each of their official capacities from any and all claims, and manners of action or actions, cause and causes of action, lawsuits, trespasses, damages, judgments, executions, claims, liabilities and demands whatsoever, in law or in equity including, reasonable attorney's fees for any action or inaction arising out of, related to or deriving from, either directly or indirectly, any matter, action taken, or inaction by the City within the scope or furtherance of this Agreement.

Section 11. Insurance. To ensure its ability to fulfill the obligations pursuant to Section 10, above, the DISTRICT, as a condition precedent to the CITY's assumption of traffic control and enforcement jurisdiction as specified in this Agreement shall obtain an insurance policy in a sufficient amount for officers and directors liability, and for Comprehensive Automobile Liability. The DISTRICT shall also obtain general liability insurance for the term of this Agreement in the amount of One Million Dollars (\$1,000,000.00), Comprehensive General Liability and Two Million Dollars (\$2,000,000.00) in the aggregate. Said policy or policies of insurance shall: (a) name the CITY as an additional insured as it relates to the activities conducted pursuant to this Agreement, (b) be issued by companies authorized to do business under the laws of the State of Florida, (c) shall not exclude police liability, and (d) otherwise be acceptable to the City. Upon receiving notice of the acceptability of said policy or policies, the DISTRICT shall always file and maintain current certificates of the required insurance with the CITY. Any cancellations or lapses of insurance coverage affecting directly or indirectly the provisions of this Agreement shall be deemed a material breach, and the CITY shall have the right, in its sole discretion, to terminate this Agreement and seek applicable damages or other judicial relief.

Section 12. Road Maintenance. Neither the existence of this Agreement nor

anything contained herein shall impose any obligation or duty upon the CITY to provide maintenance for and/or drainage of the DISTRICT Roads. The maintenance, repair and construction or reconstruction of all roads, drainage and signage within the DISTRICT shall always be solely and exclusively the responsibility of the DISTRICT.

Section 13. Assignability. The DISTRICT may not assign its rights nor delegate its duties and obligations arising under this Agreement except by the express, written consent of the CITY.

Section 14. Termination. Should either party to this Agreement desire to terminate the Agreement, the party wishing to terminate the Agreement must provide written notice thereof to the other party no less than ten (10) calendar days prior to the intended termination date.

Section 15. Notices. All notices contemplated by this Agreement shall be given in writing and sent by certified mail, return receipt requested to the following:
